

Why should you choose to work with a Mortgage Broker versus a Retail Bank?

Because Mortgage Brokers offer their clients more:

1. We are more experienced, educated and accountable.
2. We get the job done faster, better and with less hassles.
3. We offer our clients more loan products and solutions.
4. We offer our clients more options for down, credit, debt.
5. We advise & guide our clients towards the best loan.
6. We are more loan solution orientated and less arbitrary.
7. We are more versatile, motivated and proactive.
8. We are more available, even on evenings and weekends.
9. We consider this to be a career rather than just a job.
10. We must be annually screened, tested, registered, licensed & bonded.

“We have your back covered!”
